Experience

Teaching Assistant

Jan 2026 - May 2026

University of North Carolina at Charlotte

Charlotte, NC

- Assisted with grading virtual labs, simulations, and quizzes for a Security+ aligned information security course
- Supported **80+** students in network and endpoint security, threat mitigation, authentication & access control, and cloud security fundamentals
- Helped students understand CompTIA Security+ concepts through interactive labs while maintaining academic integrity

Retail Specialist

Jun 2025 - Dec 2025

Apple

Charlotte, NC

- Assisted 50+ customers daily with technical troubleshooting, device setup, and configuration across Apple's hardware and software ecosystem
- Diagnosed connectivity, account, and software issues; trained new customers on iOS, macOS, and Apple services

IT Systems Engineer Intern

Jun 2024 - Aug 2024

Mecklenburg County

Charlotte, NC

- Built and managed **10+** virtual machines using Microsoft Azure and VMware vCenter/vSphere, supporting county-wide IT operations
- Maintained server storage, backup systems, and print services ensuring **99%** uptime, reducing service ticket resolution time by **15%** through system performance optimization
- Administered Rubrik backup solution integrated with vCenter, replicating on-premises virtual machine backups to Microsoft Azure cloud storage
- Collaborated with the Engineering and Storage team on data storage, recovery, and virtual desktop infrastructure projects

Technician

Jun 2022 - May 2025

Select Home Tech

Charlotte, NC

- Installed and configured **80+** home and office networks, resolved connectivity and hardware issues for residential and small business clients
- Performed system upgrades and migrations, improving client system performance and reliability

Projects

Book Club API | *Node.js, Express, PostgreSQL, Prisma*

May 2026

- Built a RESTful API with **10+** endpoints supporting users, books, and clubs with role based access control
- Secured API using JWT authentication and bcrypt, protecting **100%** of user account operations
- Documented and tested endpoints with Swagger and Postman, deployed on Render

Identity Access Service | *Node.js, Express, PostgreSQL, Prisma*

Jan 2026

- Built an Identity and Access Management REST API with **7+** endpoints handling registration, login, and role based permissions
- Hashed passwords with bcrypt and issued JWT tokens on login, eliminating credential transmission on subsequent requests
- Added input validation with Zod and rate limiting on the login route to block brute force attempts

File Storage Service | *Azure, PostgreSQL, Spring Boot*

Dec 2025

- Designed and deployed a cloud native file storage service using Azure Blob Storage, Spring Boot, and PostgreSQL, supporting **4+** file operations
- Implemented RESTful endpoints using Spring Data JPA and Maven, validating **10+** API calls with Postman and curl

Leadership & Involvement

Association of Computing Machinery (ACM Club)

Aug 2022 - May 2026

- Participated in projects, **5+** hackathons, and multiple software development workshops
- Collaborated with other members on coding challenges and shared ideas at club meetings

Blacks in Technology (BIT Club)

Sept 2024 - May 2026

- Engaged in events supporting Black tech students via events, career prep, and collaboration
- Attended networking sessions to connect with other students and professionals in tech

Computing Leaders

Aug 2025 - Dec 2025

- Delivered **5+** K-12 computing lessons, developed teacher lesson plans, and led STEAM Expo booth activities
- Helped younger students learn basic coding concepts in a fun and easy to understand way

Skills

Cloud Platforms: Microsoft Azure, AWS, VMware vSphere/vCenter

Languages: Java, JavaScript, Python, SQL, HTML, CSS, Bash

Databases: PostgreSQL, MySQL

Tools & Testing: VS Code, GitHub, Postman, Swagger/OpenAPI, Docker, Linux

Backend & Frameworks: Spring Boot, REST API Design, Node.js, Prisma ORM, Maven, JWT Auth

Infrastructure: Active Directory, Rubrik Backup, Window Server, Cloud Storage, Virtual Machines, Server Management

Education

University of North Carolina at Charlotte

May 2026

B.A. Computer Science | Concentration in Information Technology | Minor in Statistics

Charlotte, NC

University of North Carolina at Charlotte

Aug 2026 – May 2028

M.S. Information Technology | Concentration in Information Security & Privacy

Charlotte, NC
